## RAT DISSECTION GUIDE

**INTRODUCTION** Rats are often used in dissection classes because they are readily available and they possess the typical mammalian body plan. Most of what you learn on the rat is applicable to the anatomy of other mammals, such as humans. **EXTERNAL FEATURES** Refer to the drawing below and identify the indicated structure on the rat prior to skinning. Vibrissae - also referred ...

Dissecting tools will be used to open the body cavity of the rat and observe the structures. Keep in mind that dissecting does not mean "to cut up"; in fact, it means, "to expose to view". Careful dissecting techniques will be needed to observe all the structures and their connections to other structures. You will

Dissection of Genital System. The rat is a typical mammal. Formerly guinea pig (*Cavia* sp.) (Fig. 19.1) were used for dissection in most of the undergraduate and postgraduate colleges in Indian Universities. Of late, due to prevailing high cost, guinea pig is being replaced by rat.

## Dissection of Rat (With Diagram) | Zoology

Over time, rats stored in buckets become bloated with the chemical, use caution when opening the body cavity of these rats as the chemical is prone to spray and splatter. Once an incision is made, the rats can be drained of fluid. Place your rat in a dissecting tray and examine the external features.

Rat Dissection Manual Best Version

This dissection manual is an outgrowth of what Waldemar Schmidt has called the ‘oral tradition’ of surgical pathology. Traditionally, the senior pathologist passed down to the trainee an individual accumulation of expertise on the handling of specimens. This transfer of information was often random and based solely on the specific case at hand. Now, despite the

Place your rat, ventral side down, on the dissecting tray. The external oblique is a thin sheet of muscle reaching from the ventral side around to the center of the back. It is most apparent on the sides of the abdomen. Overlying this are two sets of triangular muscles stretching from the shoulder down to the midline.
