Roman mythology is the body of traditional stories pertaining to ancient Rome's legendary origins and religious system, as represented in the literature and visual arts of the Romans. "Roman mythology" may also refer to the modern study of these representations, and to the subject matter as represented in the literature and art of other cultures in any period. The Romans usually treated their traditional narratives as historical, even when these have miraculous or supernatural elements. The stor

Roman mythology — Wikipedia

The Mesopotamian tale of the tamarisk and the date-palm is perhaps the earliest of these, but the theme is also found in myths about the one-upmanship of the olive and bay tree in later cultures. Legends about beautiful gardens were popular, from the fabled Homeric Garden of Alkinoös and the Garden of the Hesperides with its famous golden apples, to the Biblical Garden of Eden, or the Islamic ...
