Find out about the biggest-selling games, the highest scores, and the world's most amazing gamers. Read about the latest hardware developments in the battle of the eight-generation consoles, and explore the most exciting news stories across all the major gaming genres.

The descriptions and examples of unethical behaviors in sport in this book will challenge readers to rethink how they view sport and question whether participating in sport builds character—especially at the youth and amateur levels. • Describes and analyzes key ethical issues, such as cheating, fair play, violence, discriminatory actions, and the use of performance-enhancing drugs, in a single volume • Identifies how ethical problems in sport affect sport in the United States and internationally but also significantly impact society overall • Examines significant events and influential individuals to provide a historical and sociological context for understanding how and why individuals behave unethically in sport • Provides a wealth of information and resources that describe how poor behaviors of athletes, coaches, and parents in sport can be changed through educational interventions and a reemphasis on values like integrity

Fourteen years in the making, this is a chronicle of the nearly two-thousand-mile international line between the United States and Mexico. It is an historical account largely through the eyes and experiences of government agents, politicians, soldiers, revolutionaries, outlaws, Indians, engineers, immigrants, developers, illegal aliens, business people, and wayfarers looking for a job. It is essentially the untold story of lines drawn in water, sand, and blood, of an intrepid, durable people, of a civilization whose ebb and flow of history is as significant as any in the world. Award-winning historian Leon Metz takes the reader from America's early westward expansion to today's awesome border problems of water rights, pollution, immigration, illegal aliens, and the massive effort of two nations attempting to pull together for a common cause.
